

JADCO Annual Statistics

For the year April 1, 2021 to March 31, 2022

About the Jamaica Anti-Doping Commission (JADCO)

The Jamaica Anti-Doping Commission (JADCO) was formally established in 2008 to execute the national anti-doping programme, in accordance with the standards stipulated by the international governing body, the World Anti-Doping Agency (WADA). JADCO is responsible for ensuring that all athletes comply with the World Anti-Doping Code, which is the document that harmonises regulations regarding anti-doping across all sport and all countries of the world.

The main functions of JADCO include the deterrence of doping through communication and education initiatives, the detection of doping through testing activities and investigations and the enforcement of anti-doping rules, by presenting cases of possible Anti-Doping Rule Violations (ADRVs) to the Independent Anti-Doping Disciplinary Panel.

Doping Control Test by Program
